TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Hampstead in the County of Rockingham in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Town Hall in said Hampstead on Tuesday, the thirteenth day of March next, at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.
3. To see if the town will vote to raise and appropriate the sum of \$1000.00 to put second coat of tar on Brown Hill Road, and first coat of tar on road by the school house at West Hampstead.
4. To see if the town will vote to raise and appropriate the sum of \$400.00 to meet the expenses of the Public Library for the ensuing year.
5. To see what sum of money the town will vote to raise and appropriate for the observance of Memorial Day, and what method they will adopt to expend the same.
6. To see what sum of money the town will vote to raise and appropriate for the cemeteries for the ensuing year.

7. To see if the town will vote to authorize the Selectmen to hire money for the use of the town in anticipation of taxes.

8. To hear reports of auditors and committees, and to act thereon.

9. To see if the town will accept State Aid for Construction of Class V roads and raise and appropriate, or set aside, for said purpose the sum of \$150.83. State's share \$603.30.

10. To see if the town will vote to raise the sum of \$150.00 to pay note due on Fire House June 2, 1945, and also to raise the sum of \$450.00 to pay additional notes due on the same in 1950, 1951 and 1952 in order to reduce principal on long term note.

11. To see if the town will raise the sum of \$75.00 for Health Department, to be used to care for Public Dumps, and expense of Health Officer. Money to be expended on approval of the Selectmen.

12. To see if the town will vote to raise and appropriate the sum of \$500.00 to the Trustees of the Trust Funds for reimbursement on part of the principal.

13. To see if the town will vote to raise and set aside \$1000.00 for Postwar work on the roads as recommended by the State Highway Commissioner and the Selectmen of the town.

14. To see if the town will vote to raise and appropriate the sum of \$100.00 to open gutter on hill to connect drain crossing road at foot of the hill and repair same drain crossing the road at East end of Haseltine Pond Road. (By petition.)

15. To see if the town will vote to support United States membership in a general system of international co-operation, such as that proposed at the Dumbarton Oaks Conference, having police power to maintain the peace of the world.

16. To transact any other business that may legally come before this meeting.

Given under our hands and seal, this 14th day of February
in the year of our Lord nineteen hundred and forty-five.

FORREST H. TABOR,
WILLIAM R. BRICKETT,
JOSEPH M. TAIT,

Selectmen of Hampstead

A true copy of Warrant—Attest:

FORREST H. TABOR,
WILLIAM R. BRICKETT,
JOSEPH M. TAIT,

Selectmen of Hampstead

The polls will be open to vote for town officers from 10 A. M.
until 6 P. M. The appropriations for the money to be raised
will be during the afternoon hours. The Selectmen will meet the
first Saturday of each month at 7 P. M. at the Public Library.

REPORT OF HAMPSTEAD FIRE and FOREST FIRE
DEPARTMENTS

The Fire Department has been called out for six house fires and nine grass and forest fires.

As everyone knows we suffered a big loss in the burning of our Central School building, both the children and tax payers of the town. I would like to say in defense of our fire department that we responded very quickly to this fire and it was a matter of just a few minutes before we had three streams playing on the building, but it was beyond control. Plaistow responded to our call for help, and assisted in protecting nearby buildings.

One thing we learned was the value of the water hole on Mr. Hutton's land, which gave out only after we had been pumping from it throughout most of the fire. We hope, after the war, or as soon as possible, we can have more water holes in our town, for it is impossible to fight a fire without water.

Following is a list of grass and forest fire calls to which we responded, aside from as many more calls from the Fire Lookout Men, to investigate fires:

- | | | |
|-------|----|------------------------------------|
| April | 2 | Grass fire at Beauregard's |
| " | 6 | Forest fire at Atkinson, two calls |
| " | 15 | Grass fire at Sarah Stickney's |

- " 18 Grass fire at Atkinson
- " 19 Grass fire at Reilly's
- May 8 Grass fire on East Hampstead Road
- " 18 Forest Fire at Atkinson
- " 28 Grass fire at Angle Pond, Sandown.

After the war we would like to assemble another piece of fire-fighting equipment suitable for forest fires, which could also be used at dwellings. It should not involve too much money as we already have a good pump and feel it would be a big help in fighting fires.

The department has lost a great many of its men to the armed forces and is very short-handed at present. We would be very glad to have anyone interested join us.

I wish every person in town this coming year would be especially careful of fire, checking chimneys, not overheating stoves and being cautious in taking care of hot ashes. In the spring and summer months be very careful about outdoor fires, and never light one without a permit. A large percent of our fires, both forest and dwellings are caused by carelessness. Let us be careful and keep our fire loss down this year.

Respectfully submitted,

L. E. DUSTON,

Fire Chief and
Forest Fire Warden.

ANOTHER ENEMY TO CONQUER

Here is a home front fight that everyone can get into. Last year in this State 558 brush and forest fires burned over 4,648 acres of land, of which 2,788 acres were valuable timber and young growth. With available manpower the lowest of any year since the war started, you can help to keep this loss down by preventing these fires from starting.

Keep in mind these simple rules:

1. Always get a permit from your forest fire warden before starting any fires in the open. Burning under certain conditions is permitted.
2. Never burn unless you have enough help to control your

fire—a permit does not excuse you of negligence in case it gets away.

3. Always report any uncontrolled fire promptly to your forest fire warden. Minutes lost are acres lost.
4. Be especially careful with cigarettes, matches and pipes. Smokers caused most of our fires.
5. Never leave a fire unless it is dead out. You can't feel safe while there is a spark left.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Hampstead:

It is with pleasure that I submit my annual report as Superintendent of Schools. This report deals with the Hampstead Schools for the school year July 1, 1943 to June 30, 1944. The School Nurse and the Supervisor of Music have given me brief reports of their work and Mr. Peltonen has submitted a detailed report of the Hampstead High School; all of which I transmit herewith, with the hope that they will be carefully read by many others besides the School Board.

As in the past, I am presenting much information about our schools in the form of statistics which, if carefully read in conjunction with other information furnished by the District Treasurer and by the School Board in their reports, will give a clear picture of the size, cost, and many other details of the schools.

Due to the reduced enrollment at Plymouth Teachers' College, it became necessary for them to discontinue after last June, teacher training in two high schools, of which Hampstead High School was one. We were fortunate, in days of teacher shortage, to secure good teachers to make up a faculty and to be able to continue both Home Economics and Commerce classes.

We were fortunate to secure Mr. T. Ernest Peltonen as Headmaster and teacher of Mathematics and Science. We were also fortunate in adding the following teachers to the high school staff: Miss Mabel Plante, teacher of Social Studies; Miss Medora Sawyer, Home Economics; and Miss Virginia Hayn, Commerce. Mrs. Elizabeth Brock resigned her position as teacher in grades seven and eight and Mrs. Agnes Petzold was appointed. In early November, Miss Dorothy Flynn and Miss Cecelia Armer resigned. These vacancies were filled by the appointment of Mrs. Edna Boyd to grades five and six; and Mrs. Beatrice Reynolds to grades three and four. Mrs. Petzold resigned at Thanksgiving time and Mrs. Alma Mayhew took her place.

Vacancies in the future will be difficult to fill, since almost no men and a greatly reduced number of women are being prepared for teaching at teacher's colleges. We as citizens owe our gratitude to the teachers who have remained loyal to their profession of teaching. These teachers are protecting our social structure from danger. What our civilization will be tomorrow, depends in large measure upon giving the right kind of training to the children of today.

Last March, Hampstead had the great misfortune of losing the Central School building and contents by fire. Temporary housing was provided by installing desks in the gymnasium for grades one and two, and in the shop for grades three and four. Grades five, six, seven and eight were housed in the high school building. Putting additional grades in the high school has resulted in unavoidable crowding and resulting confusion. While this arrangement has taken care of the classes temporarily, yet the teachers and pupils have been working under a handicap. We hope that it will be possible to have a new building in the near future.

Mr. Peltonen's report sets forth the activities of the Hampstead High School for the past year. It is no small task for him and his faculty to teach, give guidance and counsel in these days of rapid change and uncertainty. The work and spirit of the school is commendable.

Our thanks are again due to the Parent Teacher Association for their continued interest in the welfare of pupils and teachers. It is through such co-operation of school and home that we have a will to give our children the best education we can afford.

From the viewpoint of administration, the classroom teacher becomes a most vital cog in the wheels of education. Anything which obtains, keeps and gives consideration to a good teaching staff is money, time, and effort spent to the best advantage. The pupils, and through them, the parents and society itself are the direct as well as the ultimate gainers. The taxpayers of Hampstead have wisely provided the increases in salaries recommended in the past and I hope the proposals of this year will likewise be adopted.

The enrollment last year, as will be seen by the table at the end of the report was 146 as compared with 163 the year before.

The school attendance averaged 94.75 percent of the membership as compared with the state average of 93.12 percent. The reduction in enrollment, stated above, was due in part at least, to the fact that a number of high school students have left school for employment. This interruption or possible loss of a high school education is regrettable.

Thirteen boys and girls completed the work of the eighth grade last June. All of these have entered a high school this year.

Teachers and pupils have co-operated in a commendable manner to meet the increased demands of war and have aimed to prepare the students for the peace which will follow. Demands for assistance in the war effort have been efficiently and cheerfully met. These include selling war stamps each week, Red Cross activity, paper salvage, and gathering milkweed pods. The children gathered 24 bushel bags of pods, which was sold to our government for use in making life preservers. The flóss is being used to replace Kapok which can no longer be obtained from the South Pacific.

Sometime during the year and preferably about the middle, it is necessary to check the progress made by the different grades. That can most accurately be done by using standard tests to measure our accomplishment. Such a testing program is used each year in grades one to eight inclusive and helps us to know more definitely the progress made. The results of these tests can be of great assistance as we attempt to meet the needs of every child.

Since the business of education is the most important single undertaking of any community, it is highly desirable that pupils get the most out of the public investment in their future. Loss of school time causes corresponding loss to the individual because make-up work is seldom as valuable as work done in class and in the regular course of events. We ought not to allow unnecessary absence to rob a child of his full educational opportunity. Furthermore both absence and tardiness strongly shape a pupil's habits that will be carried into adult life. Mrs. Soule, School Nurse, has been very active in investigating problems of illness.

In conclusion I wish to express my appreciation for the fine co-operation and support of the School Board, townspeople, parents, teachers, and pupils during the year.

Respectfully submitted,

WILLIAM J. NELSON,

Superintendent of Schools

The statistics reported are based on the September 1944 to January 1945 registrations, showing a slight increase over the data for a corresponding period of the last school year.

The current school year marked the change from the cadet system to an elected faculty. The range of curricula offered in Hampstead High School, however, remains as usual, namely: college preparatory, general, commercial and home economics, allowing for a wide subject choice to meet individual requirements.

In an endeavor to supplement the usual academic pursuits the following extra-curricular activities have been introduced this year: Art, Miss Mabel Plante; Arts and Crafts, and Camp Cooking, Miss Medora Sawyer; Elocution, Ernest Peltonen; Journalism, Miss Virginia Hayn. A school paper, "H. H. S. Review" a project of the Journalism Club is enjoying marked popularity.

One of our aims is to have one hundred percent of our pupils learn typing under formal or personalized instruction. At present all but two of those enrolled in the tenth and eleventh grades are receiving formal class instruction in typing.

Under the supervision of Miss Medora Sawyer, Domestic Arts teacher, an average of forty-five hot lunches are being served at a nominal fee to cover expenses.

The social activities this school year have included a senior

sponsored Freshman Initiation party, Harvest Dance, Christmas party, and class social parties.

Under the general direction of Mrs. Eva W. Thompson, Supervisor of Music, an excellent production "A Gay Nineties Revue" was presented. At present Mrs. Thompson is preparing the presentation of a Junior High Operetta to be presented in the spring. The high school will present an evening of one act plays in a revival of the "One Act Play Contest" for which a cup was presented in 1938 by the Junior O. U. A. M., Granite State Council No. 1.

The pupils have been provided with valuable supplementary current magazine reading by the donation of the following magazines by the Parent-Teacher Association:

American Girl	School Arts Magazine
Boy's Life	Science News Letter
Life	Survey Graphic
Popular Science	Time

The sale of war stamps and bonds has exceeded \$1000.00 in Hampstead High School for the first four months of the current school year.

An interest in science and knowledge of it is fostered in the junior high by enabling the boys to listen to the Columbia Broadcasting System program "Science Frontiers." A junior high science club has been organized under the direction of Ernest Peltonen to encourage the diversified scientific interests of the boys.

It is gratifying that the people of Hampstead have a sincere interest in the educational opportunities of its youth as is indicated by the wholehearted support of the parents in our activities, social and academic, and by the active local Parent-Teacher Association unit.

We, as teachers, are appreciative of this support we are receiving in our task of preparing youth vocationally, in encouraging youth to grow in competence as citizens of the community and nation, in co-operative living in the family, school and community, in the use of the English language, in appreciation of the sciences, literature and the arts, in pupil knowledge of personal health and hygiene, and in individual avocational, cultural or intellectual interests.

In conclusion, on behalf of the teaching staff I thank the Superintendent, School Board, and citizens of Hampstead for the encouragement it has received in its endeavors.

Respectfully submitted,

ERNEST PELTONEN,

Headmaster.

To Mr. William J. Nelson, Superintendent of Schools:

I herewith present my annual report as Supervisor of Music in the Hampstead Schools.

Two new sets of books from the World of Music were added in September. Tuning up a second grade book and Songs of Many Lands for grades three and four. The World of Music is a new and attractive course, which deals with music problems through charming song material.

In the annual reports I have more than once given the aims of the work in detail; this year I will give a quotation from an outline of our series of text books; we seek "to develop power and enthusiasm in participation and enjoyment in listening."

The "Gay Nineties Revue" presented by the High School students on December ninth was well received and a success financially.

For your co-operation and that of the teachers, I am most grateful.

Respectfully submitted,

EVA W. THOMPSON

One hundred and three men and women of Hampstead have answered their country's call and three have lost their lives in the line of duty, and one a prisoner of war. John Fitzgerald was killed on the destroyer Rueben James when it was sunk at the beginning of the war. Kenneth Rowe, also of the Navy, was lost at sea. Alfred Gorton serving in the Army was killed in action, and Harvey Clark is a prisoner of the Germans. (These are marked with an asterisk.)
